Julia Boucher This exchange could not have been better, either in terms of the destination, the people I met or the culture and the things I learned. I loved the city and its diversity of landscape, activities etc. Despite the very tense situation, I still managed to enjoy it and have only good memories of it.

Henry Antoine I really enjoyed the exchange: people, food, city, nature, island, sea... Hong Kong has everything. Sad that there were a lot of restrictions but we enjoyed it. We found a way to enjoy. I like the staff of Hung Hom Halls, even if we did some mistakes, they would still understand our way of thinking. We felt understood.

Matvei Fatin Hong Kong is a totally amazing city and I am 100% glad I chose it as my exchange destination. I have enjoyed my exchange a lot, thanks to both amazing Hong Kong and the PolyU. Nevertheless, I was totally amazed by the campus and services provided: library, food, size of the campus, design, and so on. Classrooms are well equipped and look neat! Hung Hom Halls is located at a perfect spot and this helped me explore the city!

Many locals are friendly, as well as other foreign students.

Chloé De Wandeleer Hong Kong has been for me a sequence of positive memories. I have had the chance to enjoy the experience at a 100% rate. I learnt from my daily adventures and came back home grown. I met incredible open-minded people that became real friends, discovered a culture that welcomed me with open arms, experienced what Hong Kong city life really was and also observed all the treasures this city had to offer. I want to thank you all for this. From the bottom of my heart.

Hong Kong is where the world gathers for business, arts, culture and innovation. It is right on the doorstep of Chinese Mainland and just a short flight from South-East Asia's most celebrated destinations. Hong Kong's buzzing metropolitan heart, breathtaking natural beauty and international culture represent well-balanced ancient traditions and modern life. We are proud to call Hong Kong the "Asia's World City".
